

LAMAR

itinerary for Children

Please note that you will be split into two groups, one group will start with the Cow Zone and the other with the Factory.

1

WELCOME AREA

Welcome to Lamar Farm! Let's start with an introductory 2-3 minutes video on a projector screen about everything you're going to see in the farm and enjoy your welcome drink. Custom made small sized aprons will be distributed to prepare you for the day.

On your way to the Cow Zone, you will make a quick stop at the truck which will be waiting for you at the welcome area to take photos of you, followed by a mini tour. A Lamar team member will brief you on the cow's life cycle from the day it's born up until it enters the milking process and so much more! After being briefed, you will now be allowed to feed and play with the calves!

COW ZONE

2

3

THE FACTORY

While heading to the factory, you will be told the proper safety instructions that emphasize hygiene and safety measures applied inside the factory. Please make sure you listen carefully, and remember, safety first! Once inside the factory, you will learn all about our products, how our milk is processed, stored, packaged and distributed.

Are you ready to learn about all the farming that takes place behind all those fruits and vegetables?! Our hard working Lamar farmers will give you an insight on themselves as well as their daily tasks. Feel free to ask all the questions you would like.

THE FARM

4

5

PLANT YOUR OWN

Time to get your hands dirty! You will each be given our unique Lamar soil to plant your own crop! After that, you will have the options of leaving your crop with us at Lamar farm, or taking it back home for you to care for.

You fed the cows, now it's time to feed you! Sit back and relax on our benches while you & your classmates enjoy a Lamar Drink to compliment your snacks!

LUNCH TIME

6

Mooooo! (- Looks like our cows feel the same way about goodbyes as we do! Lamar Farm hopes you had a pleasant day & looks forward to seeing you soon!
